Satellite mpr welcomes Helen Neill

Satellite is delighted to announce that Helen Neill has joined the team.

Helen, a local freelance, was in the right place at the right time and Claire jumped at the chance to snap up her skills. Helen has worked within the realms of international corporate marketing for many years, from multinationals and global concerns to small businesses, but with particular experience in the leisure and tourism industry. Her main skills lie in project and event management, copywriting and proofreading, creative design and campaign planning, all of which bring excellent opportunities for Satellite mpr. Helen is also passionate about language and linguistics (German, French and Spanish feature in her repertoire) and intuitively incorporates this into her writing and creative design.

Helen now works out of Satellite's Arundel office, with its enviable view to Arundel Castle, the Cathedral and the famous market town. Not only will Helen be supporting the agency's existing clients but she will also be making a significant contribution to new business development in the agency's specialised fields of hospitality, travel and tourism, architecture and construction, and environmental products and services.
